|---|--|---|
| What is the overall deductible ? | \$0 for network services. There is no coverage for non-network services. | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. | This plan covers some items and services even if you haven't yet met the deductible amount. |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$0 for network services. There is no coverage for non-network services. | This plan does not have an out-of-pocket limit on your expenses. |
| What is not included in the out-of-pocket limit ? | Premiums , balance billing charges and health care this plan doesn't cover. | This plan does not have an out-of-pocket limit on your expenses. |

You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |
